AMERICA'S #1 MATTRESS BRAND

Based on Sealy family of brand shipments, including Stearns & Foster

For 140 years, Sealy® has been giving you better sleep.

With the help of orthopedic specialists, we've designed our beds to support your entire body while providing targeted relief where you need it most—your back and your core. We know that a healthier, balanced lifestyle starts with a great night's sleep.

As America's #1 mattress brand,* we're proud to bring you comfort you can count on, year after year.

*Based on Sealy® family of brand shipments, including Stearns & Foster®.

why Sealy®?

leadership

When you sleep on a Sealy®, you can rest easy knowing that your mattress is the product of a tireless, generations-long commitment to comfort, support, quality—and the perfect night's sleep.

expertise

We were the first to partner with orthopedic specialists, and, to this day, we continue to work with top experts to revolutionize the industry—because every new innovation means better sleep for you.

quality

We believe you deserve more than “good enough” at night. That’s why we’re committed to exceeding the highest standards in the industry.

value

Every mattress we make delivers comfort, quality, and support, with built-to-last materials, so you get a restful night's sleep regardless of your shape, size, sleep style, or budget.

why Posturepedic®?

superior support

Engineered with expert Sealy® know-how and backed by our history of partnering with orthopedic specialists, this is a support system 140 years in the making. Built to deliver our highest level of support and pressure relief—for truly best-of-the-best sleep.

built to last

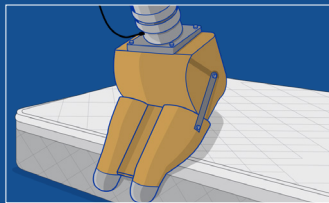

When you sleep on a Sealy®, you're sleeping on a combination of ultra-responsive coils, feel-good memory foams, and cool-to-the-touch technology—all engineered to exceed industry standards and ensure they'll stand the test of time.

passion for sleep

For 140 years, we've been devoted to improving the way America sleeps. Whether it's holding 125 patents or developing our targeted Posturepedic® support with orthopedic specialists in the 1950s—we're constantly evolving and constantly seeking new ways to support you and yours.

EXPERTLY BUILT. THOROUGHLY TESTED.

At Sealy®, we believe you deserve more than good enough. That's why all of our mattresses are tested and retested beyond what's expected by the mattress industry to make sure you take home best-in-class quality and long-lasting durability—giving you the deeper sleep you deserve night after night, year after year. Here are some of the ways we do that.

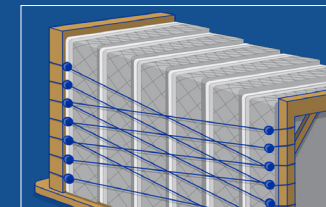

robot test

Our patented robot test simulates a person repeatedly getting in and out of bed to make sure no body impressions are left behind. It's the most realistic test in the industry and only used by Sealy®.

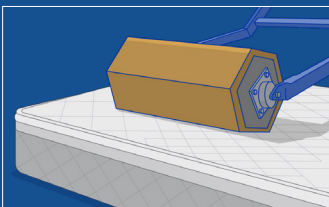

Cornell test

This test simulates a 170-pound person jumping on the bed (also 50% more cycles than required) to make sure the mattress maintains its shape.

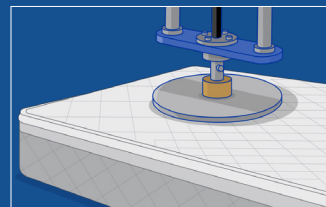

shipping and handling test

By simulating a 500-mile ride, we ensure the mattress will make it from the plant to your home without damage.

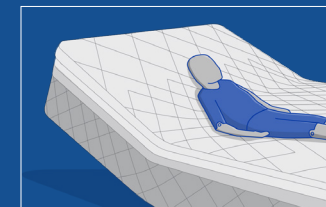

rollator test

A 240-pound weight repeatedly rolls across the surface (50% more cycles than required) to simulate a 10-year usage span.

load deflection test

Tests the durability of the mattress by measuring how the foams change over the life of the bed.

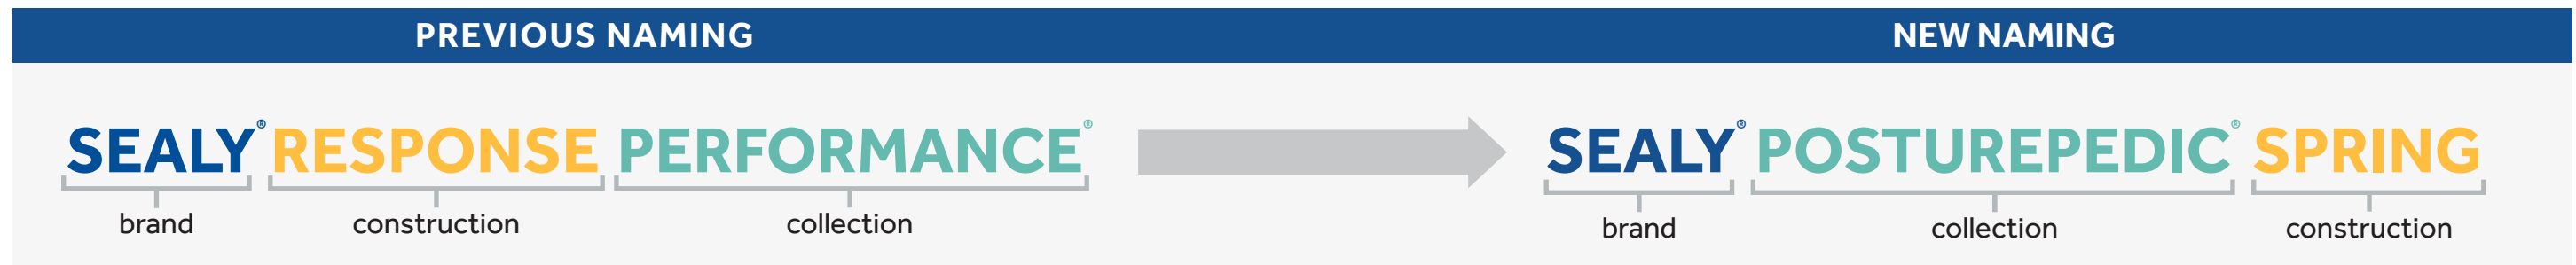

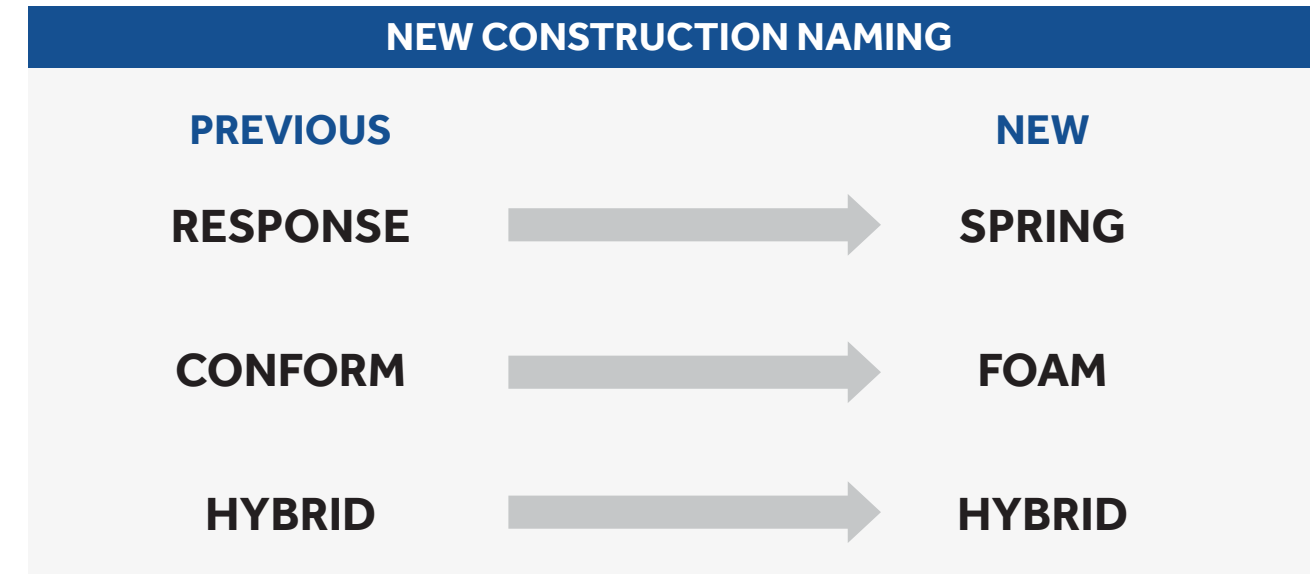

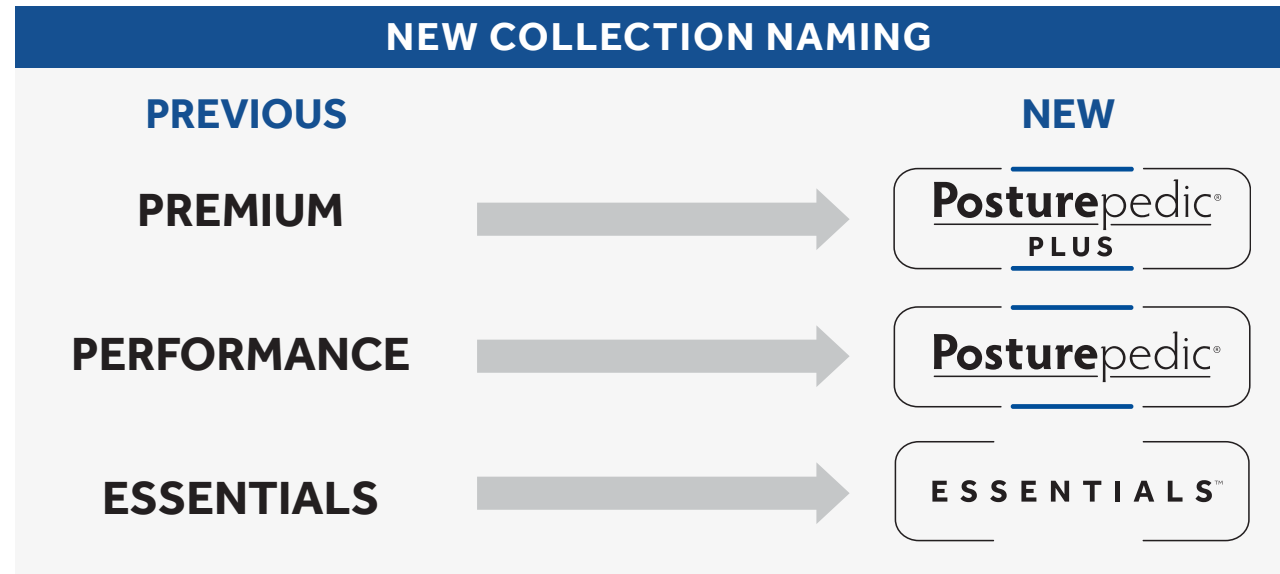

adjustable base test

We bend the mattress 10,000 times to make sure it works with adjustable bases.

TRUSTED SEALY® SUPPORT WITH A NEW LOOK

We're dedicated to helping sleepers find their perfect mattress match. That's why we've simplified how we differentiate between collections and mattress types to make it easier for shoppers to find the Sealy® mattress that's right for them.

A SEALY® FOR EVERYONE

We are proud to support every person and every bedroom in your home. Why? Because we believe everyone deserves a great night's sleep. It doesn't matter what your height, weight, sleep position, or sleep temperature is, there's a Sealy® mattress perfect for the sleep you dream of.

Sealy® collections

We've updated how we name our mattress collections with the return of Posturepedic®, but one thing will never change—every Sealy® mattress is built with trusted comfort and support that's right for you.

Backed by 140 years of expertise, our Essentials™ Collection is rigorously tested to deliver trusted Sealy® quality at an affordable price. Every Essentials™ mattress is engineered for a great night's sleep, night after night.

GOOD

A satisfying night's sleep starts with the right kind of support—which is why the Posturepedic® Collection is inspired by our work with orthopedic specialists. It features all of the quality and durability you expect from Sealy®, along with trusted support, motion-absorbing responsive coils, and a breathable, antibacterial cover. Choose from spring, foam, or hybrid options with a variety of feels and features to get the comfort and support that's right for you.

BETTER

If you want to be your best, you have to sleep your best. That's why our signature Posturepedic® Plus Collection features the best in Sealy® materials and expertise—from specialty body-conforming foams for exceptional back and core support, to responsive, individually wrapped coils for motion reduction. Our most advanced gel foams and cool-to-the-touch, antibacterial cover technologies help you sleep cooler, fresher, and more comfortably, all night long. Available in spring, foam, or hybrid for the deep, relaxing sleep you need to take on tomorrow.

BEST

Sealy® construction

Sealy® offers different mattress constructions within every collection to make sure you get the comfort and support you're looking for.

SEALY® SPRING

Our innerspring mattresses offer exceptional full-body support with ease of movement for a responsive, sleep-on-top-of-the-mattress feeling. Sealy's coil design promotes proper alignment and supports you while you sleep, so you can wake up ready to take on the day.

SEALY® FOAM

Sealy® foam mattresses use a combination of advanced gel and gel memory foams to deliver custom body-hugging support for every part of your body. Our carefully layered foams conform to your shape, distributing your weight evenly to relieve pressure points so you wake up feeling refreshed.

SEALY® HYBRID

Sealy® was among the first to create the hybrid, pairing the best qualities of innerspring with those of memory foam mattresses to deliver best-of-both-worlds comfort. Carefully engineered coils adapt and support every part of your body, while specialty foams conform and cushion for your most comfortable night's sleep.

FIND THE MATTRESS THAT'S RIGHT FOR YOU

Sealy® makes it easy to find the perfect mattress. That's why we created icons to represent the features and benefits you're looking for in a new mattress.

USE AND CARE

CARRYING OR MOVING A MATTRESS

When possible, two people should carry the mattress flat on its side to reduce the possibility of the mattress getting damaged. Bending a mattress may damage the innerspring unit; however, flexing the mattress through doorways should not harm it.

CLEANING THE MATTRESS

To keep the mattress clean, it is recommended that you use a mattress protector. Vacuuming is the only recommended cleaning method. To clean a stain, use mild soap with cold water and apply lightly, being careful not to soak the mattress or foundation. Dry cleaning fluids may damage some of the materials in the mattress.

COMPONENTS & FEATURES GLOSSARY

TREATMENTS

SealyChill™

This cooling cover technology features spun, cool-to-the-touch fibers for refreshing comfort from the moment you lie down.

MoistureProtect™

A cover treatment designed to wick moisture away from your body during the night to help keep you comfortable.

Surface-Guard Technology™

Surface-Guard Technology™ kills bacteria on the mattress surface and protects it from common allergens.

COVERS

ComfortLoft™ Cover

This quilted, easy-care knit cover is made from spun yarns for durability and super-soft comfort.

ComfortLoft™ Cover with SealyChill™ and Surface-Guard Technology™

This cooling version of our quilted, easy-care knit cover features cool-to-the-touch fibers for comfort and Surface-Guard Technology™, which kills bacteria on the mattress surface to help keep your mattress protected.

Stretch-Knit Cover with MoistureProtect™ and Surface-Guard Technology™

MoistureProtect™ helps you stay cool and comfortable, and Surface-Guard Technology™ kills bacteria on the mattress surface to help keep your mattress protected.

Stretch-Knit Cover with SealyChill™ and Surface-Guard Technology™

This cool-to-the-touch version of our stretch-knit cover features cooling fibers for comfort and Surface-Guard Technology™, which kills bacteria on the mattress surface, to help keep your mattress protected.

FOAMS

SealySupport™ Gel Foam

SealySupport™ Gel Foam is a traditional gel foam that contributes to foundational support in many Sealy® mattresses.

SealySupport™ Foam

This breathable version of SealySupport™ Foam contributes to foundational support and aids airflow for a refreshing night's sleep.

SealyCool™ Gel Foam

SealyCool™ Gel Foam promotes a cooling environment and helps cushion, delivering comfort and support in a wide variety of feels.

SealyCool™ Air Gel Foam

SealyCool™ Air Gel Foam delivers all the flexible, durable, breathable benefits of SealyCool™ Gel Foam, with an upgraded design shaped with peaks and valleys to aid airflow while you sleep.

SealyCool™ Gel Memory Foam

This memory foam version of SealyCool™ Gel Foam delivers breathable comfort and a deeper level of conforming support.

ComfortSense™ Gel Memory Foam

The most premium foam in our portfolio, ComfortSense™ Gel Memory Foam adapts to your body, dispersing your weight evenly across the mattress and relieving pressure points for maximum conforming comfort.

ComfortSense™ Gel Memory Foam with SealyChill™

This cooling version of our most premium memory foam delivers all the conforming support and pressure relief of ComfortSense™ Premium Memory Foam, with a cool-to-the-touch feel.

COILS

Response Coil

Response Coil is a layer of precisely engineered, open coils which respond to your movement to support you throughout the night.

Response Encased Coil

This upgraded version of the durable Response Coil features coils individually encased in fabric, allowing each to move independently, reducing motion transfer and providing a more stable surface. It's the perfect balance of comfort and support for a better night's rest.

Response Pro™ Encased Coil

These encased coils build on the durability and adaptive support of the Response Coil with increased stability and support, more flexibility for personalized comfort, and reduced motion transfer so you'll feel less movement from your partner throughout the night.

Response Pro™ HD Encased Coil

Even more support and quality comfort for your whole body with this densely packed system of our most durable coils. Individually wrapped, they also reduce motion transfer so you'll feel less movement from your partner throughout the night.

Response Pro™ Zoned HD Encased Coil

Found in Sealy® hybrids, this densely packed coil system reinforces the center-third of the mattress, delivering trusted, targeted support where you need it most—your back and core.

EDGES

SolidEdge™

A reinforced foam border around the mattress edge, which improves the durability of the mattress.

StableEdge™ Pro

These durable, encased coils reinforce the edges of the mattress to give you more space to sleep and prevent sagging over time. This edge system also increases mattress flexibility when paired with an adjustable base.

DuraFlex™ Coil Edge

The DuraFlex™ Coil Edge features even more encased coils than the StableEdge™ Pro for improved durability and better flexibility when paired with an adjustable mattress base.

DuraFlex™ Pro Coil Edge

This more breathable version of the reinforced DuraFlex™ Coil Edge features densely packed coils for added durability and a ventilated design for increased airflow to help keep you cool and comfortable all night long.

OTHER

Targeted Support

Sealy® was the first to layer premium materials to reinforce the center-third of the mattress, targeting the heaviest part of your body so you stay supported while you sleep.

Designed and Built in the USA

Beginning in Sealy, TX, in 1881, Sealy® mattresses have been proudly designed, carefully built, and thoroughly tested, right here in the USA.

CertiPUR-US® Certified

All Sealy® foams meet CertiPUR-US® safety standards for emissions, content, performance, and durability.

3-5-10-Year Warranty

At Sealy, our product testing exceeds industry standards to ensure you get the quality and durability you deserve with comfort you can count on year after year.
