Certifications & Warranty

Hybrid Tub

Features 5 walls of stainless steel and a plastic bottom for greater durability and less moisture compared to traditional all-plastic tubs.

Extended Dry

Uses a powerful heating system to deliver extra-dry dishes, every time.

LED Tub Light

Illuminates the dishwasher's interior for greater visibility while loading and unloading.

Folding Tines

Each row of rack tines can be adjusted to hold dishes of varying sizes.

Height-Adjustable Rack

Easily adjusts up and down to accommodate taller items.

Utensil Basket

Holds utensils of varying sizes to free up space for the rest of your dishes.
